

XVIII

BURDENKO INTERNATIONAL SCIENTIFIC CONFERENCE

14-16 April, 2022
Voronezh, Russia

Dear colleagues, Student Scientific Association is pleased to invite you to participate in the **XVIII Burdenko International Scientific Conference**, to be held on **April 14-16, 2022** in Voronezh N.N. Burdenko State Medical University.

Burdenko Conference offers a unique platform for exchange of ideas among medical students and young researchers in **medical and biomedical areas** of science.

You are welcome to present results of basic and clinical research in different medicine disciplines. They include but are not limited to:

- **Fundamental medicine**
- **Dentistry**
- **Pharmacology**
- **Surgery**
- **Therapy**

The formats of participation are as follows:

- oral presentation
- oral presentation and publication
- publication

The best presentations will be awarded with **Diplomas of I, II and III degree.** The participants' papers will be published in the Conference Proceedings and in the Russian Science Citation Index system.

Further information including the conference programme, time and venue will be available at the official websites:

<http://vrngmu.ru>
<https://vk.com/snovsmu>

For further questions, please contact the Conference Coordinator via the conference email **sno.vsmu@gmail.com**.

We are looking forward to seeing you at the conference, which is due to the unstable epidemiological situation will be held in the online form.

Kind regards,
Alexandr A. Glukhov, Professor
President of the Students' Scientific Association
N.N. Burdenko State Medical University, Voronezh
